

5.7 Website

As the CTP was being developed, updates were made available to the public on websites housed at NCDOT, the MPO and the RPO. These updates included maps, data, meeting reports, and other important information. For more information on how to download CTP maps and other information, please refer to the website:

5.8 Public Drop-in Sessions

Two Public Workshops were held during development of the Comprehensive Transportation Plan to discuss proposed recommendations. During these public Drop-in sessions, public input was taken in the form of map markups and comments and through discussions between citizens and CTP Committee members. The first drop-in session was held on July 18, 2007 at the Granville Co. South Campus Administration Building (Vance-Granville Community College Campus) in the Butner/Creedmoor area. The second workshop was held on July 23, 2007 in the Oxford area at the Oxford Public Works Building on McClanahan Street to target citizens in the northern part of the county.

These workshops opened with a brief overview of the comprehensive transportation planning process, followed by discussion of the County's goals and objectives, results of the analysis of existing traffic conditions, and based on the projected future traffic conditions, recommendations on the highway, bike and transit elements of the county's plan. After the formal presentation, the public was invited to write comments on the maps. Representatives from the County, Kerr-Tar RPO, Capital Area MPO and the NCDOT were available to explain the proposed recommendations and answer questions. Attendees were encouraged to provide comments on each Comprehensive Transportation Plan element on comment sheets.

For a list of attendees at the public drop-in sessions, a summary of questions /responses, and the results of the public involvement effectiveness survey please refer to the website:
